Bob,

There are no secrets on my end although I am not sure why you would email Frank from your AOL account and not copy me on it, nevertheless given the current state of things I have decided to put the Marina Project on hold until further notice in order to address and resolve the immediate issues facing the magazine and other businesses. As you know every day is a new challenge. Joe and I are doing what we need to do in order to try to resolve each one as they come up. In addition, I had a very unsettling email exchange with Scott at Dream this morning regarding the bounced check that he was not supposed to deposit until I authorized him to do so and I am now forced to focus my attention on getting that resolved as well. As Joe explained in his email your scheduled payment will be made on time tomorrow.

I was informed by our Attorney's that the DRAFT agreement will be sent to Kent today. I spent a good part of last night answering their 2 pages of questions and clarifications and emailed it to them.

**Best regards,**

Dear sir,

it is not customary for me to discuss my business dealings with unknown persons, nor to answer abrupt questions related to on going business negotiations.

However and in light of your well known personality and past ownership of Latts and Atts I can only tell you that the Marina is not , nor has been on the market for sale since I purchased it for two US partneship last January 2011.

Unless Mr D.J Doran give me formal authorisation to disclose the content of our negotiations, I do not feel it is appropriate for me to answer your questions any further.

Regards,

**Frank A.Walton**
