Overheard

Just heard Chris talking to Janeen, and he said "I wish I could be as big a fuckup as the rest of the people I work with." He's also referring to himself as an "owner". You probably aren't aware either, but he's been friending every "famous" sailor on Facebook he could find. They are talking about little Cheryl, and he just said "she would have to lay golden eggs at this point for DJ to consider keeping her now. I can't defend Cheryl to DJ."

Not that I care anymore, just saying that that quote (the first one) to an employee is obnoxious and unprofessional. But, why am I not surprised.
