Sorry... you were talking about needing vendors to believe Sextant was something it's not currently. I need to shut down our relationship on Facebook (as stupid as it is). We have about 300+ friends that we share, and honestly DJ, most people will know without me telling them that Chris fucked up. I won't say anything that will slander him, it's not my way.

I've just been concerned about how this is going to go down. Once again, I'm the one expected to take care of it. He won't. It's his way.

I'm not having a good day already.

DJ,

I need to talk to you about "disconnecting" from Chris on Facebook. I know it's totally retarded, but I want to make sure I do the right thing to preserve the integrity of the partnership.

Please advise, because this stupid thing needs to happen... grrr...

Hi Kim, great to here from you women! Every time I go in the guest head i see the book and smile.

Congrats on two clients Chris said in Chicago that this was your busy time of year. Sorry will muss you in Miami, but it sounds like will see you in April. Are you going to go down to Houston in March?

We are so thrilled. It's like a dream I still can't believe it. AND, can't wait to sail here again.

It was 65 degrees up here today. We got out in the yard this afternoon and transplanted a Douglas Fir that was about 10 FT from the front of the drive all the way to the back yard. It gorgeous.

Take care, Jody

Hi you two,

Been thinking about you guys the last couple of days and thought I'd drop a quick email. I hope you are both doing really well, and enjoying your new "retirement" (can you even call it that?)

Things are up and down here, but moving forward in a positive way. I'm getting very busy with work. I am now doing the new Chivas site as well as the new Jameson site. Too bad I don't drink either one of those things (ick).

DJ told me that you guys would be sailing on the Lost Soul again. I can't tell you how excited I am for you that you will be sailing again. As a sailor, I know what it means when you don't do enough sailing. I can only imagine how excited the two of you are about being "home" on that boat again. I am looking forward to seeing her in Oakland.

Stay warm up there in the mountains, and I'll see you guys in Oakland.
