Hey. I got an email from Kim about transferring the domain and I am working on adding to our rackspace account now.

Just wanted to close that loop.

Hola Steve,

I am glad to see that you made it back ok. Sorry you couldn't be here with us till the 5th. It looks like Mike Sweeney has complied with my request and has begun the transfer of ownership of the domain he created to Kim. It is my understanding that she is porting it to the Wicked Code servers first then to the Latitudes and Attitudes servers. I will follow up this email with another to her and copy you on it. Please make certain that we have everything that we need in order to control the domain.

Thanks,
